DECLARATION

This is to certify that the dissertation-I entitled "ReportTitel" is being submitted to the Department Of Computer Science And Information Technology, Mahatma Gandhi Central University, Motihari, Bihar - 845401, India in partial fulfillment of the requirements for the award of the degree of course name(Master of Technology) in Computer Science & Engineering, is a record of bonafide work carried out by me under the supervision of "Supervisor Name, Department Of Computer Science And Information Technology, Mahatma Gandhi Central University, Motihari, Bihar - 845401, India."

The matter embodied in the dissertation has not been submitted in part or full to any University or Institution for the award of any other degree or diploma.

Subham Kumar (MGCU2021CSIT4029)

Abstract

Paragraph

Acknowledgements

This M.Tech dissertation-I is the result of hard work, upon which many people have contributed and given their support. I have made this dissertation on the topic "ReportTitel." I have also tried my best in this dissertation to explain all the related detail. I would like to express my sincere gratitude towards my Superviser Supervisor Name, Department of CS & IT, for providing excellent guidance, encouragement, inspiration, and constant and timely support throughout this M.Tech dissertation work. He taught me how to pursue the right aim towards the work, and showed me differnt ways to approach the research problem. His wide knowledge and logical ways of thinking have been great value for me, and his understanding and guidance have provided the successful completion of the Dissertation work.

First and foremost, I would like to express my gratitude to our beloved Dean of the Computational Sciences, Information and Communication Technology and Head of Department of Computer Science and Information Technology **HodName**, for providing his kind support in various aspects. A special thanks to all the Respected Teachers **Other facilty name**, **Other facilty name**, and **Other facilty name**, of the Department of Computer Science and Information Technology.

I am always grateful to the university, our Honble Vice chancellor **Name of Vc** for providing such a good research environment.

Special thanks to Ph.D scholar, especially Ritika Singh, Surbhi Kumari, Ibrahim Momin, Naushad Ahmad and my friends Tej Prakash, Gajendra Patel, Abhijeet Kumar, Amod Kumar, Rana Kumar, Krishna Murari, Rajan Kumar, Suraj, Md. Aamir Sohail, Shahzeb Khan, and all my lovely juniors for their invaluable feedbacks, care, and moral support during this endeavor.

Mother and Father, it is impossible to thanks adequately for everything you have done, from loving me unconditionally to rising me in a stable household,

where your persistent efforts and traditional values taught your children to celebrate and embrace life. I could not have asked for better parents or role-models. You showed me that anything is possible with faith, hard work and determination.

Table 5.2: Average Rankings of RMSE by (N*N) Friedman Test

Algorithm	Rank-
	ing
BiLSTM	2.1176
CNN	4.2941
GRU	5.7059
Seq2Seq	3.1176
V-LSTM	1.7059
S-LSTM	7.1176
CNN-BiLSTM	6.5294
CNN-LSTM	6.9412
GRU-BiLSTM	7.4706

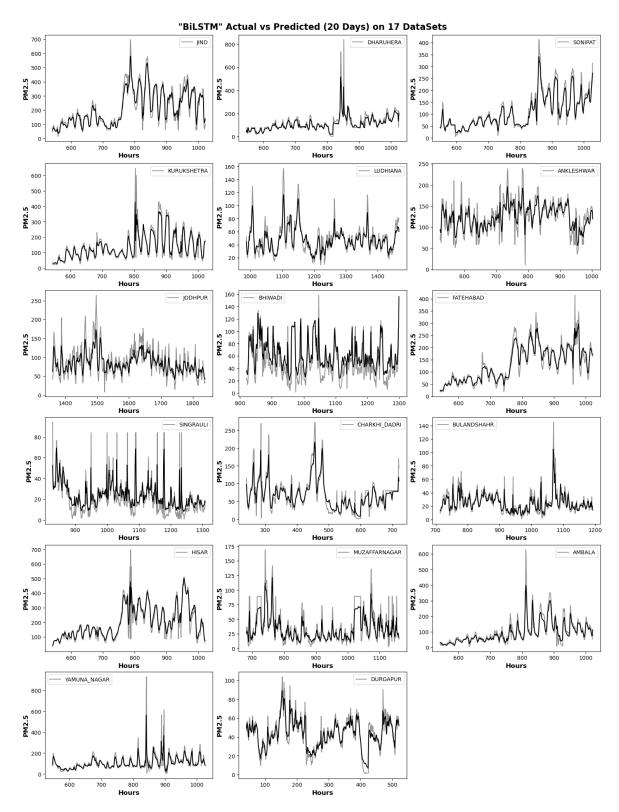

FIGURE 5.1: Actual vs Predicted of BiLSTM for All Datasets

Conclusion

6.1 Conclusion
